PETITION OF NO CONFIDENCE OF L.A. COUNTY SUPERVISORS KUEHL & MITCHELL

s dedicated employees of the County of Los Angeles, Union members, residents of L.A. County, and voters, we share the Board of Supervisors' commitment to rehabilitation, healing, and growth for justice-involved youth. However, we are **deeply disturbed by the verbal attacks** by Supervisors Kuehl and Mitchell on the dedicated staff of the Probation Department at a time when Probation officers are experiencing **escalating injuries** as they do their best to protect the public and stop the youth in the care of Probation from seriously hurting each other. We are also acutely troubled by **backroom deals** to contract out Probation work to non-union, low-wage service providers.

Supervisor Kuehl and Mitchell's "death of a thousand cuts" agenda is hurting L.A.'s justice-involved youth and the dedicated staff who serve them and puts the public in real danger. Therefore, we have lost confidence in Supervisor Kuehl's and Supervisor Mitchell's ability to serve.
